

## CONSTRUCTION SOLUTIONS PROVIDER

LA ROCHE provides innovative solutions to many leading contracting companies in the region. Its product range fits a wide variety of projects, from low-cost housings to the most prestigious and technically-demanding towers and complex structures.

The company enjoys an excellent reputation among the local and international consulting offices established in the markets it is serving. LA ROCHE products are regularly specified and approved in a wide variety of projects across the region.

LA ROCHE is now considered a leading supplier of construction materials in West Africa, representing international leading brands such as Grohe, Roca, Ideal Standard, Legrand, Ariston etc.... Its dynamic team of professionals and loyal customers constitute the essential forces behind its remarkable track record and the strong pillars for its upcoming expansions.

Our objective is for you to be our clients' "Partners in Success", by providing innovative solutions to many leading contracting companies in the region, delivering the highest quality of building materials and construction equipment.
